Student Rate: \$30.00 per person

February 22, 2018
Registrations are Open!

National Engineers Week (E-Week) is celebrated around the country every year in February to commemorate the birth of engineering, *beginning with the first US engineer and President, George Washington*. This year our Annual Awards Banquet will be held at the **Grappone Conference Center** – 70 Constitution Avenue in Concord, NH. On behalf of the New Hampshire Society of Professional Engineers (NHSPE) and the New Hampshire Joint Engineering Societies (NHJES), we invite you to join us for casual evening with friends and colleagues to honor scholarship recipients, Engineer of the Year and Young Engineer of the Year.

In celebrating 67 years of National Engineers Week, there will be an afternoon of educational sessions with special guest speakers for 3 Professional Development Hours (PDHs) for our NH Engineering Professionals.

In addition, this year we are pleased to have as our keynote speaker, Mr. Mike Stanley, CEO and founder of Transit X, a Boston based firm specializing in alternative transportation systems. Mike is an entrepreneur, designer, and engineer who started building robots at the age of 12. He graduated from the Sloan School of Management, and from MIT in Electrical Engineering and Computer Science. His experience spans software, web applications, consumer products, user interface, networks, robotics, and transportation systems. Learn more about Transit X and Mike Stanley at <https://vimeo.com/229657936>

For More information on National Engineers Week and the National Engineers Week Foundation, visit <http://www.eweek.org/Home.aspx>. NSPE is the Foundation Secretariat and initiated National Engineers Week in 1951. NHSPE is the State Society of NSPE.

If you have questions about the event or wish to sponsor and/or participate as an Exhibitor, please contact Shelley Rand by email at info@nhspe.org
