

**PRESS RELEASE
FOR IMMEDIATE DISTRIBUTION**

**2015 Joint Committee of Engineering Societies
S.T.E.M. Excellence in Teaching Awards**

NHSPE is pleased to announce that this spring; an extremely deserving individual was awarded by the NH Joint Committee of Engineering Societies with the S.T.E.M. Excellence in Teaching Award at the Middle School level. The Joint Committee was comprised of NHSPE, ASCE-NH, SENH, ITE-NH, IEEE-NH, ACEC-NH, SWE-NH, as well as the University of New Hampshire College of Engineering and Physical Sciences, the NH Teachers of Mathematics and the NH Science Teachers Association.

Applications were received from December to January, and the winner was notified in April after review by the committee. We will have the distinct pleasure of visiting the teachers in their school environments to present their award to them in front of their colleagues and students. The winners this year are as follows:

Middle School – Ms. Cecilia Carroll - Hampstead Academy, Hampstead.

High School – Ms. Susan Seagroves - Bishop Brady High School, Concord.

The winners will be presented with a plaque and \$250.00 stipend. We are very excited about this program going forward, and hope to build on the success in 2016.
